The wireframe illustrates a web application for a travel agency. The layout is organized into several key sections:

- Top Navigation Bar:** Contains a logo, a menu with items like Home, About, Services, and Contact, a user profile dropdown labeled "Tourist", and a search bar.
- Hero Section:** A large section featuring a video player with a play button and a "Book Now" button.
- Featured Packages:** A grid of four featured travel packages, each with a placeholder image and a "Book Now" button.
- Travel Packages:** A section titled "Travel Packages" displaying a list of six items. Each item includes a placeholder image, a title, a description, and a "Book Now" button.
- Footer:** A section at the bottom containing a list of travel packages with details and a "Book Now" button.
